

Carroll County Forage List

June 2015

We encourage you to receive the Forage List by Email

Send an email to ag@carrollbiz.org with your name and address to receive an electronic version.

Announcements

Please remember that all changes and updates to the Forage List listing are the responsibility of the producer/owner. Please email changes or updates to ag@carrollbiz.org by the 15th of the month in order to have the listing in the next issued Forage List. Or call 410-386-2070 ext. 2209

GovDelivery

Farm Program News You Need. Available When You Need It

Up-to-the-minute federal farm program information is now available direct to your home or farm office email account or smartphone. FSA's GovDelivery electronic news service is free and convenient. **Subscribe online at <http://fsa.usda.gov/subscribe>**

2015 North American Manure Expo: Manure Than You Can Handle

The 2015 Manure Expo is coming to Chambersburg, PA on **July 14th and 15th**.

The goal of the Manure Expo is to bring farmers, certified haulers, researchers, extension educators, government agency personnel, and equipment dealers to share their knowledge around this important part of agriculture. With farm tours, educational sessions, and equipment demonstrations, it will be "manure than you can handle!" This year's Expo site will be located on Ingram Drive, just off of Route 81 in Chambersburg. **The event is free but registration is required!** Visit <http://www.manureexpo.org/> for more information

Conservation Compliance with Local Farm Service Agency & USDA

If you receive crop insurance premium supports from USDA, the 2014 Farm Bill requires you to file a conservation compliance form with your local USDA service center by **June 1** to remain eligible for this service. Most farmers already have such a form on file because it's required for participation in most USDA programs. But some farmers, like specialty crop growers, who receive federal crop insurance premium supports, but might not participate in other USDA programs, now must file a certification form by **June 1** to maintain eligibility for crop insurance premium support. The form is known as AD-1026 and can be found online www.fsa.usda.gov.

July 15th Deadline For Crop/Acreage Reporting to Farm Service Agency

Please visit your local FSA before **July 15th** to report your spring-seeded crops and CRP. The annual, timely and accurate reporting of acres for all crops and land uses, including failed acreage, can prevent loss of benefits for a variety of Farm Service Agency programs.

The Carroll County 4-H and FFA Fair is August 1st – 8th

Mark your calendars for the Carroll County Fair and be sure to check the website for updates and events calendar. <http://www.carrollcountyfair.com/index.asp>

USDA Now Accepting Proposals for the 2016 Regional Conservation Partnership Program (RCPP)

RCPP empowers local conservation partners to work together with multiple partners, farmers and forestland owners to design solutions that work best for them. \$235 million in new funding is now available to improve the nation's water quality, combat drought, enhance soil health, support wildlife habitat and protect agricultural viability through RCPP. **Pre-Proposals are due by July 8th**. For more information visit: <http://www.nrcs.usda.gov/wps/portal/nrcs/main/national/programs/farbill/rcpp/>

Producers Wanted for Carroll County Grown Program

Carroll County Grown is a program that encourages Carroll businesses and restaurants to source locally from Carroll County farms and producers.

We are seeking producers who would be interested in selling to local restaurants/businesses. Please email Diana Hare at dhare@carrollbiz.org if you are interested in participating.

Coastal Sunbelt Is Looking To Buy Local!

Calling all farmers! Coast Sunbelt Looking to Buy Local

Coastal Sunbelt Produce Company is a mid-Atlantic produce and dairy distributor out of Howard County, MD. We've been here for almost 20 years. We are committed to increasing our local/regional produce and dairy buying from farmers in the area. And we want to establish buying relationships that work for and are tailored to each particular farm.

We have a diverse set of customers up and down the East Coast that want local products: restaurants, schools, hospitals, other distributors, retail chains just to name a few. And we've got trucks that run daily all over the area to pick-up product.

No farm is too big or too small. No order is too big or too small. If you're interested in working with us, or just want more information, **please call** Katie Baehr, Coastal Local Farm Buyer, at **301.617.4343** or kbaehr@coastalsunbelt.com.

BROWN MARMORATED STINK BUGS WANTED!

The University of Maryland, Dively Lab is in need of adult stink bugs for research projects.

If you have a large stink bug population in your home/office/school, our lab would appreciate you capturing the little invaders. Just scoop them into the container of your choice, throw a piece of apple inside for food, and poke some holes in the lid.

Just make sure not to throw them together in confined spaces like ziplock bags. They will 'stink' each other to death!

Please contact Dr. Galen Dively by email (galen@umd.edu) or call (202-812-9828) if you can collect at least 50 stink bugs into a container. We can arrange to pick up the containers at a location convenient for you.

The Maryland Department of Agriculture Is Looking for Farm Photos

The MDA is looking for Ag photos to promote Maryland Agriculture on Social Media. If you have any great farm photos you would like to pass along, please email them in a separate email to shelby.watson@maryland.gov with the email subject line of "Farm Photos", and include the following information:

- What the photo features
- Where it was taken: Farm Name & County
(Or location name if applicable, like "County Fair, 4H Center, etc.)
- When it was taken
- Who took it

Please note- You must be the owner of the photo you are sending in, and have the rights to send it to us. The use of copyrighted photos is not permitted. Please note that by sending the photos in you are giving us permission to use them.
